THE TIME IT TAKES A HACKER TO CRACK YOUR PASSWORD

password

Very Weak

INSTANTLY

One of the world's most frequently used passwords.

P@s$word

Weak

2 HOURS

Aside from the character substitution, lacks complexity and short in length.

A&d8j+1!

Moderate

8 HOURS

Some complexity but offers little protection.

Idon'tlikepineappleonmypizza

Very Strong

8 HUNDRED OCTILLION YEARS!

A passphrase offers significantly more protection than a password and is one of the best ways to improve the security of your accounts.
